PIAA AND MYHOUSE SPORTS GEAR LAUNCH IMPACT AWARDS, PROVIDE NEW WRESTLING GEAR TO TWO SCHOOLS

Greater Johnstown HS and Girls HS selected as the 2026 recipients.

MECHANICSBURG, PA – The Pennsylvania Interscholastic Athletic Association (PIAA), in partnership with MyHOUSE Sports Gear, is making a difference for Pennsylvania high school wrestling programs through the newly established MyHOUSE Impact Awards.

Made possible through the generosity of MyHOUSE owner Tim Pane, the MyHOUSE Impact Awards were established for the 2026-27 school year to recognize and support underserved wrestling programs within the PIAA membership.

As part of the initiative, MyHOUSE selected two deserving programs, one boys' team and one girls' team, to receive a donation of 20 new wrestling singlets, warmup shirts and team bags.

Greater Johnstown High School, located in PIAA District VI, was selected as the boys' program recipient. On Tuesday, November 24th, Pane, along with Mark Byers, PIAA Executive Director and Ralph Cecere, PIAA District VI Chairman, visited Greater Johnstown High School to present the team with its new gear.

The donation provides the Trojans with a complete apparel upgrade as they prepare for the upcoming wrestling season, while recognizing the dedication and commitment of their student-athletes and coaching staff.

"It is incredibly rewarding when we can make a direct, tangible impact on the student-athletes and schools that make up our membership," said Mark E. Byers, PIAA Executive Director. "We are grateful to Tim Pane and MyHOUSE for their generosity and commitment to Pennsylvania high school wrestling. These new uniforms and equipment represent more than just new gear; they provide these student-athletes with an added sense of pride and excitement as they represent their school and community."

The PIAA and MyHOUSE also plan to recognize Girls HS girls' wrestling program through the MyHOUSE Impact Awards. A presentation is anticipated in the coming

weeks in District XII. Girls HS is launching its girls' wrestling program for the first time this school year.

As the inaugural year of the award, the PIAA and MyHOUSE look forward to building on this partnership and expanding the program to recognize and support additional member schools in the years ahead.
