PIAA Basketball Pairings Changes

Mechanicsburg, PA., (March 3, 2015) - The Pennsylvania Interscholastic Athletic Association, Inc., (PIAA) announced this morning due to the possible closing of their school, Impact Academy has withdrawn from the PIAA A Boys' Basketball Championship Tournament.

In a situation such as this, the PIAA By-Laws provide direction to replace a qualifying school. Article XIII, Section 3,D,2 stipulates, "following the District Championship Tournament, but before the start of the Inter-District Championship Tournament each team in the District otherwise finishing below the forfeiting team will improve its seeding by one".

Therefore, the result of this is each team qualifying from PIAA District III's boys' basketball tournament will move up a spot in the pairings and the new match-ups for the first round will be as listed below.

Please note the site changes for each team. The number in front of each team's name designates their PIAA district and the second number is their place finish in their district basketball tournament. Each team advances on their place finish and is not seeded.
