
Weight Assessors Workshop

With the restrictions regarding face to face meetings and classes due to COVID-19, there will be some changes for the assessor training this year. **We will be conducting four (4) zoom classes the week of October 12, 2020.** You will need to register for the class that fits your schedule, with the instructor that is conducting that class. Registration must be done via email. Cost of the assessor workshop is \$20.00.

As soon as we receive your registration email, we will send out information and documents necessary to be included in the assessor database. Have the documents completed before the start of the training.

We will also include information on where to send payment for the training. This is important because you will NOT be included in the database, which is necessary to get your log in information, until payment is received.

This is the information you will need to supply prior to the training on the document you will be receiving:

Home and school E-mail Address, School Affiliation, complete school address, the PIAA District your school is part of, phone and fax numbers for your school, your cell phone, all of your contact information and your BOC Certification Number and NATA Member Number.

If you are attending one of the classes, be sure to register with the correct instructor.
