

PIAA announces 24 State Coaches of the Year for 2021-2022 School Year

PIAA is proud to announce the 24 coaches who have been selected as the PIAA/NFHS Coaches of the Year for the 2021-2022 school year. Coaches are nominated from their school communities, PA coaches' associations, Board of Directors, and State Association staff. Coaches are then selected based on their impact to their specific sports program, success of their program, adherence to PIAA By-laws, and sportsmanship throughout the year.

PIAA Executive Director, Dr. Lombardi, "Coaches are an integral part of the student-athlete experience. Coaches are mentors who make a lasting impact on the lives of student-athletes. On behalf of the PIAA Board of Directors and our member schools we would like to congratulate these outstanding coaches involved in educational based athletics on their selection as 2021-2022 PIAA/NFHS Coaches of the Year."
