

FOR IMMEDIATE RELEASE:

52nd ANNUAL PIAA BOYS' SOCCER/33rd GIRLS' SOCCER CHAMPIONSHIPS

MECHANICSBURG - The 2025 PIAA Boys' and Girls' Soccer Championships are scheduled to be contested at Bobcat Stadium on the campus of Northeastern High School, Manchester, Pa on Friday, November 14, 2025, and Saturday, November 15, 2025. This facility possesses a first-class artificial turf and a maximum field size of 70 yards by 120 yards.

This is the 52nd PIAA Boys' Soccer Championships and the 33rd PIAA Girls' Soccer Championships. In the history of the championships, boys' soccer stayed a single classification for 11 seasons. In 1985, boys' soccer expanded to two classifications and expanded two more times. In 2000, it expanded to three classifications, and then again in 2016 to four classifications to include 4A. The girls spent just three seasons with one classification before expanding to two in 1996. Girls' soccer expanded to three classes in 2010 and to the present four classifications in 2016.

The championships were held at multiple sites in the same years, finding sites that were neutral for each of the schools competing was a challenge. The soccer championships have been held at 11 different sites: Reading (1973-1980), Shippensburg University (1981-85, 1988-94, 1996-97), Cedar Crest High School (1986-87), Northern Lebanon County High School (1987), Marple Newtown High School (1988), O.J.
